RECEIVER'S AMENDED FORENSIC ACCOUNTING REPORT

SEC v. Yang, et al. U.S.D.C. C.D. Cal. Case No. 5:15-cv-02387-SVW (KKx)

May 20, 2016

To all Interested Parties:

In accordance with: (1) the December 11, 2015 Preliminary Injunction, Order Appointing Receiver, Freezing Assets, and Providing for Other Ancillary Relief (the "Appointment Order") entered in the above-referenced matter by the Unites States District Court for the Central District of California (the "Court"); (2) the Court's March 8, 2016 Order in Aid of Receivership; and (3) Civil Rules 66-7(c) and 6-1, Stephen J. Donell (the "Receiver"), the Court-appointed receiver for Suncor Fontana, LLC, Suncor Hesperia, LLC, Suncor Care Lynwood, LLC, and their respective subsidiaries and affiliates (collectively, the "Receivership Entities" or "Entities"), hereby submits the following amended report (the "Amended Forensic Accounting Report") on behalf of the Receivership Entities and their estate (the "Estate").

I. <u>EXECUTIVE SUMMARY.</u>

The plaintiff Securities and Exchange Commission (the "Commission") has alleged that the defendants in the above-referenced matter raised approximately \$20 million from investors located in China in connection with the United States Customs and Immigration Services ("USCIS") EB-5 investment program (the "EB-5 program"), which enables foreign investors to obtain a United States visa in exchange for their investments in the United States. Here, the USCIS threshold investment amount was \$500,000, and the Commission has alleged that the defendants obtained investments from a total of 40 investors. The Commission sought the appointment of the Receiver based on, among other things, allegations that individual Defendants Robert Yang ("Yang") and Claudia Kano ("Kano") (hereinafter, "Defendants") made false statements about how investor funds would be used, misappropriated, diverted and misused funds, and misrepresented the prospects that these investments would qualify for the EB-5 Program. The entry of the Appointment Order followed.

As reflected in the Receiver's Initial Report re: Marshaling and Preservation of Receivership Assets and Petition for Further Instructions (the "Initial Report"), and the previously submitted First Quarterly Status Report (the "First Quarterly Status Report"), the Receiver has, since his appointment, engaged in a concerted effort to conduct an investigation of the business and financial activities of the Receivership Entities and to identify and recover all available assets of the Entities ("Receivership Assets"). This effort has included the preparation of a forensic accounting to better describe the business and financial activities of the Entities, and to identify recoverable Receivership Assets.

In connection with the preparation of the previous Receiver's Forensic Accounting Report, and this Amended Forensic Accounting Report, the Receiver has obtained, reviewed, and analyzed tens of thousands of pages of materials relating to the Entities' business and financial activities and the amount and nature of the Receivership Assets, including: (a) bank statements; (b) other financial documents; (c) offering memoranda; (d) loan agreements; (e) written communications with Entity investors, insiders, and third parties; (f) construction agreements and related documents; (g) real property title records and related documents; and (h) various state and federal court records and deposition transcripts. These materials covered a period of over five years, and included over 1000 separate bank statements, reflecting more than 20,000 individual transactions.

The Receiver's review and analysis are now essentially complete, and have led to the amended conclusions presented herein.¹ The documents obtained by the Receiver confirm that the Receivership Entities actually raised a total of approximately \$21 million, including \$1

The Receiver reserves the right to modify the conclusions stated herein in the event that later-recovered information alters his analysis or conclusions, something he believes is unlikely at this point.

million from a domestic investor, and used some of the \$21 million they raised for the purchase and/or construction of real properties, including the real properties located at 17577 and 17579 Sultana St., Hesperia, CA (the "Hesperia Project"), 7227 Oleander Ave., Fontana, CA (the "Fontana Project"), and 3598 Martin Luther King Jr. Blvd., Lynwood, CA (the "Lynwood Project") (collectively, the "Projects"). However, the Receiver has also confirmed that the Entities engaged in the following conduct with regard to funds raised from investors:

- Substantial commingling of investor funds among and between all of the Receivership Entities, such that the Entities were treated as a unitary enterprise;
- Use of funds raised in connection with one Project to satisfy the financial obligations relating to other Projects, including for the purposes of purchasing real property;
- 3. Use of investor funds to purchase a speculative real property development opportunity located at 11202 Opal Ave., Mentone, California (the "Mentone Project"), which was unrelated to the Projects;
- 4. Use of investor funds for the payment of commissions or purported commissions and other fees to Mason Investments, LLC, or its affiliates (collectively, "Mason"), the subscription agent believed to have administered or supervised investments in the Entities relating to the EB-5 Program;
- Diversion of funds raised from investors to third parties, including Relief
 Defendant Yanrob's Medical, Inc. ("Yanrob") and the Defendants;
- 6. Use of investor funds to pay the personal financial obligations of Defendant
 Yang, including personal taxes and payments to third parties in connection with
 loans unrelated to the Entities or the Projects; and

7. Use of investor funds to pay attorneys' fees.

The Receiver has also confirmed that the Entities obtained loans in the present outstanding/disbursed amount of at least \$3.4 million² in connection with the Projects, over and above the \$21 million raised from investors. The proceeds of these loans appear to have been used directly in connection with the Project to which they correspond (including in connection with the purchase of the Hesperia Project), and each of these loans appears to be secured by the Project to which it relates.

In summary, the Receiver has confirmed that the Entities raised \$21 million from investors in connection with the Projects, and incurred loan debts in the aggregate amount of at least \$3.4 million in connection with the Projects. As reflected below, the Receiver and his forensic accountants, Brandlin & Associates Accountancy Corporation ("B&A"), have accounted for the overwhelming bulk of the investor funds. The Receiver's accounting confirms that not all funds raised from investors were used in connection with the Projects. Indeed, millions in investor funds appear to have been used in a manner completely unrelated to their associated Entity. The Receiver's conclusions are presented, in detail and with particular examples, below, and in the exhibits attached hereto as Exhibits B through M.

II. QUALIFICATIONS OF BRANDLIN AND ASSOCIATES.

The Receiver's lead forensic accountant, Jeffrey E. Brandlin, is a Certified Public Accountant (CPA), a Certified Insolvency Restructuring Advisor (CIRA), a Certified Merger & Acquisition Advisor (CM&AA), is certified in financial forensics (CFF), and is part of the Alliance of Merger & Acquisition Advisors (AM&AA). Mr. Brandlin is a 1972 graduate of San

As discussed below in Section VI(F), this does not include additional loans of approximately \$1,427,000, made by GBC International Bank ("GBC"), to Yanrob.

Diego State University, with a Bachelor of Science degree in accounting. He is the founder and chief executive of B&A, which he founded in 1980. A true and correct copy of Mr. Brandlin's curriculum vitae is attached hereto as Exhibit A.

III. MATERIALS AND METHODS.

As detailed in the Initial Report and in the First Quarterly Status Report, since the issuance of the Appointment Order, the Receiver has diligently issued and enforced subpoenas, and has by this means and otherwise recovered voluminous materials relating to the conduct of the Defendants and the business and financial activities of the Receivership Entities. Relevant recovered documents were promptly transmitted to B&A. Notably, in reviewing the Entities' own records, the Receiver and B&A quickly determined that the Defendants and the Entities maintained books and records using QuickBooks. Initially, the existing QuickBooks files were obtained from the Defendants, and an attempt was made to reconcile the records to bank statements relating to each Entity and to any related escrow accounts. The data received from the QuickBooks files provided by Defendants was incomplete. Therefore, B&A recreated a comprehensive QuickBooks file from bank statements and other relevant records obtained by the Receiver. From the updated QuickBooks file, B&A was able to export cash receipt and cash disbursement records to Excel. Once in Excel, the Receiver and B&A were able to analyze and summarize cash receipt and disbursement transactions by date, payee, and amount.

The Receiver and B&A reviewed and analyzed a total of 30 bank accounts (10 personal accounts, 15 entity accounts, and 5 escrow accounts) between July 2012³ and December 2015,

Additionally, the Mason Investments, LLC account at East West Bank, ending in 7551, was analyzed back to January 2012, and the HealthPro Capital Partners, LLC account at Bank of America, ending in 2594, was analyzed back to January 2011, as reflected in Exhibit L.

along with the above-identified additional information, which covered a more expansive date range.

IV. SOURCES OF FUNDS RAISED FROM INVESTORS.

A total of \$21,047,459 in investment was raised in connection with the Receivership Entities and the Projects, of which \$20,047,459 came from EB-5 Program (foreign) investors and \$1,000,000 came from Shin Sook Park, a resident of San Bernardino County. The funds from Ms. Park were obtained prior to 2012. Investor funds were commingled by the Defendants, in their administration of the Entities and the Projects, as illustrated conceptually in Exhibit B, and in more detail in Exhibit C. In Exhibit B, bi-directional arrows reflect investor funds flowing in both directions between recipients. Attached hereto as Exhibit D is a complete schedule of EB-5 Program investor funds raised in connection with each of the Entities. The actual deposits of these funds have been confirmed in the relevant bank accounts, as of the dates provided in Exhibit D.

V. OVERVIEW OF THE PROJECTS.

As described in more detail in the First Quarterly Status Report, the Projects are as follows:

- The Hesperia Project consists of real property in Hesperia, California. The
 Hesperia Project is currently undeveloped land, apparently intended by the
 Defendants to be developed as a sub-acute case / skilled nursing facility.
- The Fontana Project is a partially constructed sub-acute / skilled nursing facility,

Ms. Park's investment has been variously characterized by, at least, Defendant Yang, as a loan to HealthPro Capital Partners, LLC and as a purchase of an interest in HealthPro Capital Partners, LLC. In any event, the Receiver has confirmed that Ms. Park's \$1,000,000 investment was deployed in connection with the Fontana Project.

which appears to be approximately 45% complete, and which is subject to two construction loans made by Celtic Bank ("Celtic"), of which approximately \$3 million in funds has been disbursed.

• The Lynwood Project is currently a vacant structure previously used as a skilled nursing facility and apparently intended to be re-developed as a sub-acute care / skilled nursing facility by the Defendants. It is subject to approximately \$300,000 in delinquent property taxes and penalties.

The Receiver has confirmed that the securities offerings by each of these Entities related to a corresponding Project as discussed herein.

VI. <u>RECEIVER'S CONCLUSIONS.</u>

As reflected in the Executive Summary, Section I above, and for the purposes of this Amended Forensic Accounting Report, the Receiver has completed his review and analysis of the materials obtained to date, and has drawn the following conclusions at this time, relating to his investigation of the business and financial activities of the Receivership Entities:

A. Summary of the Sources and Uses Of Investor Funds.

A cumulative summary of the sources and uses of investor funds is reflected in the following table, which shows that the overwhelming bulk of funds raised from investors in the Receivership Entities can be accounted for at this time:

As a supplement to the above summary table, the attached $\underline{Exhibit}\ \underline{E}$ also provides more granular detail on the sources and uses of investor funds relating to each Entity.

B. Use Of Investor Funds and Project Purchases by Entity.

1. <u>Suncor Hesperia, LLC and the Hesperia Project.</u>

Suncor Hesperia, LLC raised approximately \$9.5 million from EB-5 investors, which funds were initially deposited into an account at Orange Community Escrow. Of this amount:

(a) \$4.3 million was transferred to the Suncor Hesperia bank account; (b) \$3.285 million was diverted and used for the purchase of the Lynwood Project; (c) approximately \$1.4 million was ultimately turned over to the Receiver; and (d) approximately \$500,000 was returned to an investor. None of the original investor funds were used for the purchase of the Hesperia Project. Rather, the sources of the \$456,100 used to purchase of the Hesperia Project were as follows:

| Suncor Hesperia, LLC | | | | | | |
|---|----|---------|--|--|--|--|
| Orange Community Escrow #34914 | | | | | | |
| Loan from Foremost Real Estate III, LLC | \$ | 350,000 | | | | |
| Transfer from Suncor Fontana, LLC | | 106,100 | | | | |
| Purchase of 17577/17579 Sultana St. | \$ | 456,100 | | | | |

Of the \$106,100 transfer from Suncor Fontana, LLC, \$3,810 was transferred to the Suncor Hesperia, LLC escrow #35163 before being transferred to escrow #34914.

2. Suncor Lynwood, LLC and the Lynwood Project.

Suncor Lynwood, LLC raised approximately \$6 million from EB-5 Program investors.

Of this amount: (a) \$4.5 million was transferred to the Suncor Lynwood, LLC bank account; (b) \$750,000 was ultimately turned over to the receiver; (c) \$500,000 was transferred to Banco Popular; and (d) \$250,000 was transferred to Park Place Escrow account No. 10832. None of the funds raised were used to purchase the Lynwood Project. Rather, the sources of funds for the \$3.4 million purchase of the Lynwood Project are as follows:

| Suncor Lynwood, LLC | | | | | |
|---|-------------|--|--|--|--|
| Orange Community Escrow #34452 | | | | | |
| Transfer from Orange Community Escrow #35163 (Hesperia) | \$3,285,000 | | | | |
| Transfer from Suncor Fontana, LLC | 75,000 | | | | |
| Credit from Seller for "operation costs" | 40,000 | | | | |
| Purchase of 3598 Martin Luther King Jr. Blvd. | \$3,400,000 | | | | |

3. Suncor Fontana, LLC and the Fontana Project.

Suncor Fontana, LLC raised approximately \$4.5 million from EB-5 Program investors. All of these funds were transferred to that Entity's bank account, of which \$1 million was transferred to a deposit account maintained in the name of HealthPro Capital Partners, LLC ("HealthPro"), the entity created by the Defendants to administer the Fontana Project, and an affiliate of the Receivership Entities (and thus a Receivership Entity itself, as defined in the Appointment Order).

The total sources of funds for the initial purchase of the Fontana Project have not been identified, due to the fact that the Fontana Project property was purchased, as reflected in <u>Exhibit</u> <u>D</u>, before any investor money flowed to the Entities. Among those purchase funds was \$315,682 that was derived from HealthPro. The following sources of funds for this \$315,682 transfer from HealthPro, and relating to the Fontana Project, purchase have been identified:

| Source of Healthpro Capital Partners Funds | | | | | | | |
|--|----|---------|--|--|--|--|--|
| Cashiers Check | \$ | 200,000 | | | | | |
| Madeleine Gween | | 25,000 | | | | | |

| Isabelle Therese Gween | | 50,000 | | | | | |
| Trinh Tran-Vu | | 50,000 | | | | | |
| Marie Danielle Overfield | | 50,000 | | | | | |
| | \$ | 405,000 | | | | | |

Exhibit C, attached hereto, provides a more detailed flowchart of the sources and uses of investor funds, with particular focus on how Projects or other properties were financed.

C. Commingling of Investor Funds Among Entities.

The Receiver has identified \$6,468,829 investor funds commingled among and between the Entities and the Relief Defendants, including intra-Entity transfers and Entity-to-Relief Defendant transfers, and the use of funds raised by one Entity for the benefit of other Entities or Relief Defendants, as shown in the table below:

The table above presents gross transfers.

Additionally, Exhibit B, attached hereto, is a simplified flowchart illustrating the comingling of investor funds among and between various entities. Separately, the Receiver anticipates that a \$1,000,000 December 2014 transfer from Suncor Lynwood, LLC's bank account to Orange Coast Escrow, which had previously been the escrow company associated with the purchase of the Fontana Project, will ultimately be determined to reflect commingling of an additional \$1,000,000 of Entity funds. However, even without considering the potential inclusion of another \$1,000,000 as commingled funds, it is clear from the Receiver's analysis that the Entities engaged in substantial and systematic commingling to such a degree that no distinctions were drawn between the Entities, all of which (and their assets) were treated as essentially interchangeable. Accordingly, the Receiver has determined that the Entities were

operated as a unitary enterprise and recommends treating the Estate as a common asset pool, rather than as comprised of factually and practically distinct "silos" associated with each of the Receivership Entities. In practice, no such distinctions were ever observed in the pre-receivership period.

D. Purchase of the Mentone Project.

The Receiver has identified a \$500,000 disbursement from Suncor Lynwood, LLC and a \$56,000 disbursement from Suncor Hesperia, LLC to Park Place Escrow on behalf of Suncor Care, Inc., relating to the purchase of the Mentone Project. This is summarized in the below table:

| Suncor Care, Inc. | | | | | |
|-----------------------------|----|---------|--|--|--|
| Park Place Escrow #9533 | | | | | |
| Suncor Lynwood, LLC | \$ | 500,000 | | | |
| Suncor Hesperia, LLC | | 56,000 | | | |
| Purchase of 11202 Opal Ave. | \$ | 556,000 | | | |

The Receiver also noted that, at the time of the appointment of the Receiver, Suncor Care, Inc. was a party to a pre-receivership Purchase and Sale Agreement, as amended, which reflected an anticipated sale of the Mentone Project to RL Communities, Inc. ("RL"). The Receiver further identified \$150,000 in disbursements from RL to Park Place Escrow account No. 11406, relating to that transaction, which funds RL has stated were released for the commencement of entitlements and other Project development tasks associated exclusively with the Mentone Project. Of these funds derived from RL, \$2,000 remains in escrow, whereas \$148,000 was subsequently disbursed to Suncor Care, Inc., and used as indicated on the following table, including for purposes apparently unrelated to the Mentone Project:

| Use of \$148,000 by Suncor Care, Inc. | | | | | | | |
|---------------------------------------|----|---------|--|--|--|--|--|
| Cash Withdrawals | \$ | 22,758 | | | | | |

| *No entity specified. | | | | | | | |

Attached hereto as <u>Exhibit F</u> are further details relating to the Mentone Project and the uses of the funds received from RL relating to this transaction.

E. Fees Paid to Mason.

The Receiver has identified \$3,287,219 in disbursements to Mason, as shown in the following table:

| Disbursements to Mason | | |
|------------------------|-----|-----------|
| Source | | Amount |
| Suncor Fontana, LLC | \$ | 812,179 |
| Suncor Lynwood, LLC | | 810,000 |
| Suncor Hesperia, LLC | 1 | ,620,000 |
| Park Place Escrow | | 45,040 |
| | \$3 | 3,287,219 |

Attached hereto as <u>Exhibit G</u> is a spreadsheet containing additional details relating to these disbursements, which occurred between December 2012 and December 2014.

F. Transfers of Funds to Third Parties and Defendants.

The Receiver and B&A further documented numerous transfers of investor funds to third parties. As reflected in the relevant Exhibits identified below, a few of these transfers occurred before EB-5 Program investors began to deposit their investment funds into escrow, in November 2012, as reflected in Exhibit D. However, due to the commingling of Receivership

Assets relating to the affected Entities and third parties, the Receiver is including such transfers herein.

1. Disbursements to Yanrob's Medical, Inc.

A total of \$1,237,350 in disbursements to Yanrob were identified, as summarized in the following table:

| Transfers to Yanrob's Medical Inc. | | | | | | |
|------------------------------------|-----|----------|--|--|--|--|
| Source | | Amount | | | | |
| Suncor Hesperia, LLC | \$ | 836,350 | | | | |

As reflected above, the Receiver has accounted for substantially all of the funds raised from investors, including the \$1 million raised from Ms. Park domestically. His accounting confirms, among other things, that the Receivership Entities: (a) engaged in rampant and substantial commingling of investor funds; (b) used funds from one Project to pay the expenses of others; (c) used investor funds to purchase a speculative real property development unrelated to the Entities' stated purpose; (d) made over \$3 million in payments to Mason from investor funds; and (e) diverted and paid investor funds to or for the benefit of third parties, including Yanrob, the Defendants, and pre-receivership counsel.
