**REPORT OF TEMPORARY RECEIVER'S ACTIVITIES**  
**July 18, 2018 through July 27, 2018**

This report covers the activities of the Temporary Receiver<sup>1</sup> since the inception of the temporary receivership. This is the first Report to the Court on the progress of the temporary receivership. It does not constitute an audit of financial condition and is intended only to provide information for use by the Court in assessing the progress of the temporary receivership.

**Overview.**

This Report will describe:

- The Receivership Defendants' business premises did not contain financial or accounting information, any corporate documents, or any human resource information.
- The Temporary Receiver's efforts to gather all available scripts, forms, employee notes and instructions, and other miscellaneous records to understand and evaluate the business operation including the following issues:
  - The high pressure sales environment operated by the Receivership Defendants.
  - The deceptive sales scripts used by the Receivership Defendants.
  - The Receivership Defendants' use of multiple company names to sell the similar services.

**Receivership Defendants "Grant Program" Cannot be Operated Legally and Profitably.**

Based upon the Temporary Receiver's initial review and analysis, the Temporary Receiver does not believe the "grant program" being operated by the Receivership Defendants can be operated legally or profitably. As set forth throughout this report, the Temporary Receiver's conclusion is premised upon, among other things, the following. First, based upon the Temporary Receiver's review of documents to date, the Temporary Receiver was unable to locate any evidence that any customer of the Receivership

<sup>1</sup> Reference to the Temporary Receiver in this Report means the Temporary Receiver, his staff, his forensic accountants and his counsel.

Defendants actually received a grant due to work or services performed by any of the Receivership Defendants. Second, based upon the Temporary Receiver's review of documents to date, Temporary Receiver was unable to locate at the business location any drafts of grant applications or grant proposals for any customer, or any copies of final grant applications or grant proposals for any customer. Third, despite the existence of scripts and other documents at the business location pertaining to soliciting consumers for the Receivership Defendants' "grant business", none of the employees/independent contractors that were willing to be interviewed acknowledged soliciting consumers for the Receivership Defendants' "grant program". In the Temporary Receiver's experience, employees/independent contractors do not disclaim knowledge and/or participation in legitimate business operations. Fourth, none of the employees/independent contractors that were willing to be interviewed stated that their job duties included preparing or assisting with preparation of grant applications or grant proposals or that they had any training or experience in preparing or assisting with preparation of grant applications or grant proposals. Fifth, the Temporary Receiver has reviewed voluminous written and voicemail complaints from, or on behalf of, consumers that alleged that the Receivership Defendants promised consumers grants but failed to deliver to the consumers the promised grants.

### **Custody, Control, and Possession.**

On the morning of July 18, 2018, the Temporary Receiver met with his counsel and forensic accountants, the Federal Trade Commission (FTC), the FTC's counsel, and the Phoenix Police Department, to coordinate entering the Receivership Defendants' business premises, securing the location, inventorying assets, interviewing employees, and imaging records.

At approximately 10:45 a.m. on July 18, 2018, the Temporary Receiver (along with his counsel, staff, and forensic accountants) entered the business premises located at 14040 N. Cave Creek Drive, Phoenix, Arizona 85022. The Temporary Receiver secured the business premises by changing the locks and took custody, control, and possession of the business premises. The Temporary Receiver completed a photographic inventory of receivership assets, interviewed employees/independent contractors, and obtained pertinent information from those employees on site who were willing to be interviewed by the Temporary Receiver.

The Temporary Receiver's entrance into the location was coordinated with the Phoenix Police Department. After securing the premises the Temporary Receiver allowed the FTC access to the premises pursuant to the Temporary Restraining Order.

After entrance into the location, the FTC assumed the responsibility of imaging the computers and scanning other documents from the premises. The Temporary Receiver anticipates receiving copies of the imaged data.

Only one of the Individual Defendants was at the premises when the Temporary Receiver entered the locations – Michael De Rosa.

Upon arrival at the business location, the Temporary Receiver introduced himself to all present and asked “Who is in charge?” and “Who is the most senior member of management present?” Michael De Rosa identified himself to the Temporary Receiver as the person in charge.

### **Location and Premises.**

Information provided by the Phoenix Police Department stated that the door to the location was locked and that it was unclear if occupants were present and working at this location. The Temporary Receiver found 14 occupants and obtained 14 partial responses to the Employee Questionnaires provided to the employees.

The Temporary Receiver found watches in Michael Ford Hilliard’s office. The Temporary Receiver had the watches examined by a professional watch dealer and learned that the watches are not authentic and have no value. The Temporary Receiver returned the watches to their original location.

### **Service.**

Upon arrival at the location, a process server for the FTC served, among other documents, the Temporary Receivership Order on all occupants.

The Temporary Receiver’s lawyer has been in contact with a potential lawyer for one of the Individual Defendants – Michael Ford Hilliard. The Temporary Receiver’s lawyer has requested certain information, as set forth in the letter attached here to as **Exhibit A**. Michael Ford Hilliard’s potential lawyer has not as of yet provided a substantive response.

In addition to the Receivership Defendants, the Temporary Receiver located references to the following business names at the location:

Premium Training Services, LLC.

### **Review of Documents, Scripts, and Employee Interviews and Questionnaires.**

As previously noted, the Temporary Receiver worked in conjunction with the Phoenix Police Department. The Temporary Receiver located limited corporate documents, human resource information, or financial information at the business location.

The Temporary Receiver located and reviewed numerous documents, including individual employee sales notes, forms, records, and scripts. The Temporary Receiver determined from reviewing these documents and scripts on site as well as employee responses that the work being done was for a common enterprise soliciting sales of grant obtaining services and website/social media services.

### **Documents Describing Pay and Employee Behavior.**

The Temporary Receiver discovered limited information regarding policies, procedures, or pay on site.

### **Employee Questionnaires and Interviews.**

As set forth on the attached Questionnaires, most of the employees described their jobs as sales or answering phones.

### **Scripts.**

Below are portions of a script from Unique Services, which allegedly assisted with obtaining grants:

- Hi, is this \_\_\_\_\_. My name is \_\_\_\_\_ from Unique Services. I'm calling because awhile back you had requested information about how to get a grant. Is that something you're still interest in?

- Great! Our records indicate that you may be eligible to receive a substantial amount of money in grant funding.

Below are portions of a script from Funding.biz, in which small business owners were targeted:

- The name of our company is FUNDING.BIZ, and what we do is help businesses get the money they need fast, easy, and affordable!!! We are looking for people that want to make money by referring business to us . . . ITS THAT SIMPLE!
- You will never have to worry about talking to anyone, or selling anything to anybody!!! All you do is give us the Business Name and Email Addresses and WE handle everything after the referral is made. Plus we offer you a \$100 bonus just for getting started with us.
- Now \_\_\_\_\_, you will be charged the one time set up fee of \$499. This covers everything for your website, including your back office accounting and tracking of every application, referral, and commissions. The charge will show up on your next billing statement as Unique Services because that's the company that builds our websites and the set up fee goes directly to them.

The Receivership Defendants even came up with answers to “objections and rebuttals” in order to persuade a potential customer to close the deal:

- **I need to think about it.** I agree 100% and I am sure that you think about wanting to make more money all the time. Knowing that you want to make more money, it is crazy to not take a chance at doing just that . . . SO LETS GET YOU STARTED so we could have a chance at making money together. Let me ask you a couple questions. Do you want to make more money working for yourself? Do you think there are small business owners that need and want funding for their business? Can you afford \$499? If you want to make more money, and you know there are people that will use this service which makes you money when they do, and you can afford the set up fee . . . the only smart thing to do is get started so we could be making money together. Let's start making money together!
- **I need to talk to my Spouse/Partner.** I agree, two heads is always better than one. I usually talk to my spouse/partner before I make major decisions, but obviously there will be no major decisions to make until you have had the chance to make thousands of dollars. When you have that chance I am sure your spouse/partner will want to help you in

deciding where to spend that money. Obviously you cannot get to that point if you do not get started today.

- **I do not like to give my payment information over the phone.** Really? Do you think I am going to cheat you? This is exactly what I say it is . . . if it was anything less than what the audio or I have said it is then we agree I would be a liar. I am almost offended that you would think that of me. I guarantee that you will be charged nothing more than the \$499 fee I have already told you about. All I want is the chance to make money with you by helping you in this business. Let's make it happen \_\_\_\_\_. The whole reason for using a credit card is to protect yourself and have proof of what you pay for. Our company has an incredible reputation and generates thousands of dollar every month working with Visa, Master-Card, Discover, American Express, and thousands of Banks worldwide. We would never risk that over any amount of money.
- **This sounds too good to be true.** What sounds too good to be true? Working with us and making money when you refer a business that makes us money. It is not too good to be true. It is practical and could be profitable for all of us if you refer businesses. You can do this so let's get you started!
- **I live in a small town or city.** That's great! I love small towns. But that won't stop you from making money in this business because you can refer business anywhere in the United States and Canada. And with the internet you find businesses very easily, plus the training section of your website will tell you how to find and refer hundreds of businesses every month. You could make money this week so lets get you started.
- **I do not want to talk to business owners or people.** You never have to talk to or sell anything because we do all of that, you just enter the name and email address of a business and we send them an email with a link to your website so when they apply you could get paid. But you cant [sic] get paid for referring businesses if we don't get you started so lets get this set up and you could be making money by this time tomorrow.
- **I do not think this will work.** Are you aware of the current economy? Do you think there are businesses that need to borrow money so they could stay in business? Do you think you can search Google for businesses then give us the names and email addresses of the ones you find? Then this could work and you could make money if you follow our simple step by step system.
- **I do not think businesses will like this service.** We offer a much faster and more affordable funding option for any business that needs funding. Almost 100% of every business that we make a funding offer to accepts our loan. So businesses definitely like our service and use it. The best

part is . . . you make money when you refer a business that gets funded and even applies.

- **I never make a quick decision.** I only make quick decisions when it comes to not losing money, if you pass up on this business then you could hundreds even thousands of dollars every month. I am sure you have been thinking of a way to make more money for years. So this is not a quick decision because we know you could make money. In fact this is probably the longest decision you have ever made.
- **I have been scammed or ripped off before.** Me too, and to be honest with you this day and age if you weren't skeptical id [sic] be a ittlel [sic] worried about you. This just tells me your smart and I think you'll do great. All I'm asking for right now is 1% of your trust today and I assure you well definitely earn the other 99%.
- **I have lost money with another business or company.** Well then you should get excited because this business only costs \$79 to get started and you could make a lot of money with it.
- **I do not have a computer or internet service.** That is OK, I will have a rep call you and walk you through using our Referral Hotline. You can refer businesses right over the phone and still have the chance to make money. They will also show you how to market your website so you could make money on the internet without ever using the computer. And once you have had a chance to make money you could use that towards getting a computer and internet access which will be even more helpful for your potential success.
- **I do not have a job.** Well then you definitely need to start making more money. Would you rather work for yourself and make the money you want or get a job? Well then let's get you started so you have the chance to start making money!
- **I am too old.** You sound very smart to me. If you want to start making more money then you will either have to get a job or do something from home. We will help you every step of the way and in no time you will be able to do this with no help at all so let's get you started. I think you could do GREAT!
- **I want to look at the website first.** Absolutely! You should definitely look at the website. Can you get online right now? And keep in mind we have tested the website several ways and made sure it is designed to get business owners to fill out that application right away. If we are not getting businesses to apply from the website then we are losing money. We are not in the business of losing money and that's all the more reason to get started with us today!
- **I'm already doing something else or another business.** It's great that you plan on making money in multiple streams because we all know you

should never put all your eggs into one basket right? So let's get you started and make money together!

- **I don't have time.** This is something that you can do in your spare time. \_\_\_\_\_ if you can put 1-2 hours a week into this we could show you how you could turn that time into a few hundred or even a few thousand dollars every month.

### **Exhibit C.**

#### ***High Pressure Sales & Deceptive Marketing***

There is clear evidence of both high pressure sales and deceptive marketing:

- The scripts located by the Temporary Receiver regarding the “grants” program operated by the Receivership Defendants are typical of high pressure sales and deceptive marketing practices.
- As noted above, based upon the review of documents to date, the Temporary Receiver has been unable to locate any records or other information indicating that any of the Receivership Defendants’ customers actually received a promised grant.
- The Temporary Receiver has been unable to locate any copies of any final grant applications or grant proposals that were submitted by or on behalf of any of the Receivership Defendants’ customers.
- Similarly, the Temporary Receiver has also been unable to locate any copies of any draft grant applications or grant proposals that any employee/independent contractor of the Receivership Defendants was working on for, or working on with, any of the Receivership Defendants’ customers.
- The Temporary Receiver’s review of messages on the voicemail system indicated voluminous customer calls and complaints regarding their promised grants.
- Notwithstanding the existence of scripts and other documents at the business location pertaining to soliciting consumers for the Receivership Defendants’ “grant business”, none of the employees/independent contractors that were willing to be interviewed by the Temporary Receiver acknowledged soliciting consumers for the Receivership Defendants’ “grant program”. In fact, employee/independent contractor Dora Luna denied any knowledge of any “grant program” when she was interviewed by the Temporary Receiver. However, according to Carol Jones, the FTC’s undercover investigator, she had telephonic communication with Dora regarding the Receivership Defendants’ “grant program”. See e.g. Declaration of Carol Jones PX 20. In the Temporary Receiver’s experience, employees/independent contractors do not disclaim knowledge and/or participation in legitimate business operations.

- None of the employees/independent contractors that were willing to be interviewed by the Temporary Receiver stated that their job duties included preparing or assisting with preparation of grant applications or grant proposals or that they had any training or experience in preparing or assisting with preparation of grant applications or grant proposals.
- The Temporary Receiver has reviewed voluminous written and voicemail complaints from, or on behalf of, consumers that alleged that the Receivership Defendants promised consumers grants but failed to deliver to the consumers the promised grants as set forth below.

### **Consumer Complaints**

The Temporary Receiver gained access to 2 Unique, LLC's emails and one of the email addresses is uniqueservicecs@gmail.com. Within this email account, there was a subfolder titled "Calls or Helpline," which contained login information for a company called Line2. Line2 appears to be the help support line for 2 Unique, LLC since January 18, 2018. The Temporary Receiver downloaded the call log from January 18, 2018 through July 18, 2018. The log, as well as some analysis, is attached as **Exhibit D**. There was an average of 50 calls per day and approximately 59 voicemail messages saved from May 1, 2018 to July 18, 2018. The number dialed by customers trying to obtain customer support was mostly 623-800-7676.

The Temporary Receiver also listened to voicemails associated with this number. The voicemails consisted primarily of customers complaining. Attached as **Exhibit E** is a transcription of five voicemails received in mid-July 2018 wherein customers mention grants and complain that they have not received anything after sending money. Below is a recitation of two of those voicemails:

- Uh this is Mary Johnson, I'm calling for my – um – what is this thing – anyway uh not my case it's the other one. Um – anyway I'm needing – I don't have enough money to eat or anything for two weeks. I've got my \$50 in the bank and I – uh – what am I going to eat? And my cats are going to need to – I need prescriptions. What am I going to do!? Y'all promised that I was going to get this money and you'll say no I didn't promise, but you told me I was – I was accepted or whatever. I was approved for this loan, so why can't I – not loan, but for this grant. Why can't I get it? I need it now! Getting it in a month or two – gosh I don't know what's going to happen to me. Cause I won't – I won't be able to stay here and I won't be able to eat and I won't be able to get my medication! So, I guess I'll just – I can't kill myself. I'm Catholic and I don't believe in that. What am I going to do? I need the money now. Don't throw me a life preserver when I'm frickin' drowned, OK? I'm fixin' to drown. I'm kicking but I can't keep my head up.

I need the life preserver. Send me the money now! Please! Please! Please! I don't know how much more desperate I can get. I'll sit on the street corner beggin' for money now. [long pause] Ahh. [long pause]

- Uh, yes, my name is Larry Griffin. My phone number is \_\_\_\_\_. I'm calling in regard to the grants that I applied for and seen the status cause I'm about to lose my house and stuff and I need to know if I've, you know, been qualified or what's the issues. Please give me a call. \_\_\_\_\_. Thanks so much.

The Temporary Receiver accessed the voicemails for all active phones and the prompt to leave messages for the phones were as follows:

- Customer service message not listing a specific company name – seven phones
- Generic message of “leave a message for extension \_\_\_\_\_” – five phones
- “Leave a message for Funding.biz employee Liz” – one phone
- “Leave a message for \_\_\_\_\_” (for example, Mike or Ray) – two phones

The Temporary Receiver had to access the voicemail inboxes for the phones to change the outgoing message for anyone calling in. Each phone would state the number of messages on that particular phone before accessing the voicemail features. There were numerous phones that had over 300 voicemails when accessing these phones. The Temporary Receiver has since changed all prompts to leave messages and is still receiving approximately 150-200 calls per week.

In addition, the Temporary Receiver searched the Internet and discovered several complaints posted on the Ripoff Report website. This website provides a forum for individuals to share their experiences about companies they feel have mistreated them.

### **Financial Information**

Limited non-electronic financial information for any of the Receivership Defendants was found at the location the Temporary Receiver entered.

The FTC served the Temporary Receivership Order on the following financial institutions that were or may have been used by the Receivership Defendants:

- BBVA Compass
- BMO Harris Bank
- Bank of America
- Citizens Bank, NA
- Commercial Bank of California

- Desert Financial Credit Union
- Evo Payments International
- DEUTSCHE BANK TRUST COMPANY AMERICAS
- JPMorgan Chase
- Merrick Bank
- Mission Valley Bank
- Synovus Bank
- TD Bank (Auto Finance)
- TD Bank, NA -confirmed
- US Bank
- Wells Fargo Merchant Services
- Wells Fargo, NA

So far, Bank of America has provided at least some responsive documents. The Temporary Receiver is continuing to confirm and locate bank accounts and merchant accounts of the Receivership Defendants.

At this time no cash has been recovered and \$14,137.36 has been frozen at Wells Fargo, NA and is in the process of being turned over to the Temporary Receiver. The Temporary Receiver is awaiting responses from several financial institutions in response to the Temporary Receivership Order.

The Temporary Receiver has been contacted by counsel for Synovus Bank. According to counsel for Synovus Bank, 2 Unique LLC processed through Secure Bancard and has Merchant Reserves in the amount of \$51,496.07. Synovus Bank froze the Merchant Reserves within a Merchant Reserve account over which Synovus has control. However, counsel for Synovus Bank asserts that the Temporary Receivership Order does not require Synovus Bank to turn over the Merchant Reserve to the Temporary Receiver.

The Temporary Receiver has received some limited bank statements from some financial institutions and has begun to reconstruct the financial history of the Receiver Defendants.

So far, the Temporary Receiver has accessed the following bank accounts:

- U.S. Bank business checking account in the name of 2 Unique, LLC -7160 with a balance of \$350.57
- U.S. Bank checking account -0485 with a balance of \$131.07
- U.S. Bank savings account -3450 with a balance of \$500.11
- Wells Fargo merchant account in the name of Amazing App, LLC -6718 with a balance of \$11,250.98
- Wells Fargo payroll account in the name of Amazing App, LLC -6734 with a balance of \$1,262.97

- Wells Fargo general operating account in the name of Amazing App, LLC - 8459 with a balance of \$749.59
- Wells Fargo savings account in the name of Amazing App, LLC -2505 with a balance of \$15.00
- Wells Fargo personal account in the name of Amazing App, LLC -2205 with a balance of \$858.85
- Chase business checking account in the name of Premium Training Services, LLC -5708 with a balance of \$443.53

The Temporary Receiver was unable to login or find any Chase accounts for Hite Media Group, LLC, Premium Domain Services, LLC, Advertising for Life, or Advanced Social Media. The Temporary Receiver also could not find any login information Premium Business Solutions, LLC's alleged account at Bank of America.

The Temporary Receiver was able to gain some early access to the bank accounts for the following companies:

- Amazing Apps
- 2 Unique Services
- Premium Training Services

The Amazing Apps and 2 Unique Services were the main accounts being used. Within the statements the Temporary Receiver noticed that most deposits were from processing or merchant accounts and most expenses were paid by checks. At this time the Temporary Receiver does not have access to copies of checks and therefore does not have a full understanding of the outflow of money. Additionally, there were some bank accounts that had checks highlighted with a description of what the services were for and the majority of expenses on some of the monthly Amazing Apps statements were classified as "Leads". These appear to be leads that were purchased for the employees to call to sell services too. Once the Temporary Receiver receives copies of checks and more detailed financial information, the Temporary Receiver will have a better understanding of the financial position of these businesses and their bank accounts.

### **Prior DeRosa Arizona Enforcement Action.**

On or about April 28, 2016, Receivership Defendant Michael DeRosa and Advanced Social Media, LLC entered into an Assurance of Discontinuance with the Attorney General of the State of Arizona (CV2016-00537) ("Assurance of Discontinuance"). See PX60. Pursuant to the Assurance of Discontinuance, Receivership Defendant Michael DeRosa agreed to refrain from, among others things, conducting services on behalf of a telemarketing entity that is "selling business opportunities, social media advertising, or services related to grant funding". See Assurance of Discontinuance at ¶ C. As set forth in this Initial Report and its Exhibits, including the Scripts attached as Exhibit C to this

Initial Report, Receivership Defendant Michael DeRosa's activities in connection with the Receivership Defendants appear to be in violation of the Assurance of Discontinuance.

For example, in the Assurance of Discontinuance, the Attorney General of the State of Arizona alleged that Receivership Defendant Michael DeRosa and others made telephonic sales presentations that contained false and deception statements. One of the examples in the Assurance of Discontinuance was "Wal-Mart has the same type of Facebook business page that we are going to design and create for your business. Now Wal-Mart has almost 18 MILLION fans on their business page. What that means is every time they post a message 18 MILLION see that and it costs them ZERO!" See Assurance of Discontinuance at ¶ 7(a). One of the Scripts located by the Temporary Receiver at the business location contained exactly the same Wal-Mart language. See **Exhibit C** at ¶ p.34.

### **Administrative Matters**

Section XIV.V of the Temporary Receivership Order requires that the Temporary Receiver report certain information to this Court. **THE CLOSE**

\_\_\_\_\_, did you catch all that?

This is so exciting! You get the chance to start making more money with this business, and we are going to help you every step of the way because if you make money we ALL make money! So this could be a win-win situation. What I love most about FUNDING.BIZ is that by helping you get started... I will get paid 1% of every funded business you refer. So we are all in this together!

By the end of business today you will get a welcome email from the director of FUNDING.BIZ. Now this email will include simple instructions for you to follow so you can get started right away. It will also include your FUNDING.BIZ website address. And within one day you will get a call from our Welcome Department and they will walk you through your website, plus give you your password for checking the status of your business like pending referrals, applications, and most importantly they'll show you how to check your commissions. All you have to do is follow the steps they will lay out for you and the training they will give you so you can learn to refer hundreds of businesses every month.

Now you can easily spend hundreds even thousands of dollars to get started with a business with this kind of potential but \_\_\_\_\_, you will be happy to know that you will be charged a very small one-time fee of ONLY \$499. And that covers the entire set up of your new FUNDING.BIZ business PLUS UNLIMITED consultation from your personal business coordinator that will give you all the help you need to get that ball rolling right away. Remember... If you make money I make money, so I want you to do your best!

Remember by getting started TODAY, you will receive a \$100 bonus!!! So if you generate your first QUALIFIED APPLICATION... not only would you get \$25 but you will actually receive \$125 because it will include the \$100 bonus. NO OTHER BUSINESS CAN DO THAT JUST FOR GETTING STARTED.

\_\_\_\_\_, we send out commission checks on the 15<sup>th</sup> of every. I have your address here as \_\_\_\_\_, is that the best address to send your future commission checks to?

What email address do you want the welcome email sent to?

Would you like to pay the one time \$499 set up fee by credit or debit card?

Go ahead and grab that card and I will start the process of getting you started so we could start making money right away.

## Closing Script

The way it works is simple. In about an hour from now, your website and back office will be completed, up and running with simple instructions on how to get started right away. And anytime a qualified business owner fills out the request for a loan application from your site, you'll get paid \$25.00. Now, that may not seem like a lot, but when that loan gets approved, you'll make up to 4% of that loan amount. And right now, with an average loan of about 20,000 dollars, that could be as much as \$800.00 for just one loan. And not to brag or anything, but, we have a 90% approval rate which is really impressive.

Now, you'll also have a back office with an area that shows your pending referrals and applications as well as your total earnings to date. Of course, you'll already have your start up bonus as a pending commission, so you can at least get excited about that. But, more importantly, you'll going to be able to see every transaction that comes through your website on a daily basis

In your training section of the back office, it'll explain to you, how to find and refer hundreds of businesses to your website every single month, in just a few easy steps. Because obviously, the more businesses that visit your website, the more potential applications you'll get, which means more money, in your pocket. And remember, we all make money when you do, so believe me, we made it very simple.

This business with any other company could run you hundreds, even thousands of dollars to get started. We charged a onetime processing fee of just \$99.00 and that's it, there's nothing monthly or annually, and there's no re-occurring charges, but, we still offer you the \$100 start up bonus.

So when you get started today, not only will you receive the \$25.00 for your first qualified application, you'll also get the \$100 start up bonus, making it a total of \$125.00 for your first qualified application, which automatically puts you into the profit margin, and I don't know of any other that can promise you that, but we do.

Anytime a business owner fills out a qualified application from your website you'll be paid \$25.00, EVEN, if the application isn't approved. And when an application is approved, we'll pay you up to 4% of the advance. The average advance is \$20,000 which could earn you as much as \$800, it's that simple. Now to insure that you have all the tools you need, were gonna provide you with your own personal coach, agent to assist you in getting your business off the ground. Normally this business would cost you \$499, but, buy getting started today, the business set up is free and you still get your \$100 sign on bonus. All we ask for is a ~~monthly~~ <sup>14.95</sup> maintenance fee of ~~10.00~~ for us to keep up the maintenance of your website and provide you with access to an agent and ongoing customer support. That's it and you're in business.

Your commission checks will be sent out on the 15<sup>th</sup> of each month for the previous month's sales, would you want them in your name or a business name. Is that the same way it appears on the debit or credit card you want to use for the ~~\$10~~ <sup>14.95</sup> maintenance fee?

(Must be a qualified lead or cash advance commission to receive.)

And what's the best address to send those commission checks to?..... And your Email address!

## **Why do you need me?**

Well the simple answer would be duplication; we make money when you do. Number 2 is that, were a Telemarketing company that abides by the rules and regulations regarding spam policies for business opportunities. If we were to just put up websites under our name, that would be a spam violation, and we just don't do it.

What we do instead, is bring on new members, under new business names and generate referrals together, so it's a win, win situation for both you and me, does that make sense?

## **What do I do?**

Your job is to simply promote your business and advertise, letting business owners know that you have a way for them to get a business loan, and we'll provide you with all the tools and support you need. (Business cards, Face book, twitter Etc.)

### **What does your company do?**

We're a lead generation service for several funding companies across the country. We provide them with the names of businesses looking for financial or business loans, and for that, they pay us, and we pay you, it's that simple.....You're a lead generator!

### **I don't have a computer!**

You don't have to have a computer; it would be nice but, you can refer businesses right over the phone and still make money, many of our clients are in that same situation. We'll still build you a professional looking website so that if anyone does find your website, they can fill out a request form, and you'll get paid, clients do it all the time.

### **What companies do you use?**

Unfortunately I can't say, because of our agreement with the funding institutions. That would be between the business owner and the particular funding institution.

## FUNDING.BIZ

**Questions & Answers** page 1**How do I find businesses?**

There are several ways to find businesses. We have included in the members only section a training page that will show you step by step how to find and refer hundreds even thousands of businesses every month.

**How do I refer businesses?**

In the back office section of your website we have created a page where you just type in the name and email address of any business, then you just click submit. When you click submit that will automatically send an email advertisement to the business you are referring. When they reply to that email it will immediately send them to your website and the video sales person that we put on your website will direct them to fill out the application. If that business qualifies you get paid \$25 plus up to 4% of the total cash advance. We made this as simple as could be!

**How much is the business charged for the loan?**

That is always a case by case scenario. It ranges from as little as a 10% finance charge and no higher then 25%. You will not deal with that. You just refer the business and we handle everything else to get the business the best funding for them. Either way you get your commission of the total funded amount.

**What is the interest rate?**

There is no interest rate, there is a finance charge which is flat one time fee. That is why so many business like our funding option. Interest always adds up every month. But the finance charge is a one time thing and saves the business a lot money when paying back the money they borrow.

**What kind of businesses should I refer/What are the best businesses to refer**

The 3 most popular businesses are #1 restaurants, #2 auto service and sales, and #3 beauty and barber shops. But you should refer any business you find and let them decide if they want or need cash funding. As long as it is a ethical and legal business we will work to get the funded because that's how we all make money.

**Can I look at the website first?**

Of course just go to FUNDING.BIZ Lets get you started.

**When do I get paid?**

Commissions are sent on the 15<sup>th</sup> of every month.

**How long have you been in business/How long have you been with the company?**

Answer the question honestly and tell them why you are in the company and why you like being a part of FUNDING.BIZ. Be sincere and excited.

**Are you a member (listed) with the better business bureau?**

We have a good rating with the BBB but we are not a member. It would cost us over \$20,000 a year to be a member because they charge by the size of your organization. We have over 1,200 Employees and Agents in North America, plus we believe in proving how great we are by our actions not by paying a private company that doesn't even know us unless we pay them. We have never had a complaint so we must be doing something right \_\_\_\_\_.

**Can you take the set up fee from the \$100 bonus?**

The set up fee is there to help us screen the serious form the curious. Serious people that want to make money can see that such a small set up fee is nothing compared to the money that could be made in this business not charged.

**Questions & Answers** page 2

**Why do you need me/Why don't you just do this yourself?**

Well that I simple, we could never find as many businesses as all of the people like yourself that refer businesses. There is an old saying. "it is better to make 1% of 100 peoples efforts then to depend on 100% of your own." We have people like you refer the business which is obviously important, then we make sure to do everything possible to get them funded so we could all make money. It's win win\_\_\_\_\_!

**How many people are in this business?**

We currently have over 1,000 people in this business.

**What is the third way to make money/Agent Referral?**

You can refer other people to join FUNDING.BIZ and you will get paid 1% of every cash advances generated by those people. This is a great way to generate a residual income from the referral other people make. No matter where you are or what you are doing you could be making money when other people refer a business to FUNDING.BIZ.

**How do I make money?**

You get paid \$25 for every qualified application that come from your referrals. Even if they don't take the cash advance you still get paid \$25! Plus you get paid up to 4% of every cash advance that comes from your referrals. And you can refer other people to join FUNDING.BIZ and you will get paid 1% of every cash advances generated by those people.

**What is the average commission?**

The average cash advance is \$20,000 so your average commission could be \$800! A couple of those every week would be nice right!?

**How much are other people making?**

That is too big of a spread to give you an accurate, and it could me misleading. We send out commission checks on the 15<sup>th</sup> of every month, and those checks could range from \$25 to \$10,000. But you will have the chance to maek as much money as you want or need to. The more businesses you refer equals the more money you could make.

**What is the Rapid Pay Visa Debit Card?**

Rapid Pay Visa Debit Card is a standard Visa debit card that can be used everywhere visa is accepted and at all major ATM's worldwide, and your commissions can be automatically deposited to card every month. After you log-in to your website you can choose which way you want to be paid so you have a little time to decide if you want direct deposit or by Rapid Pay.

**What is a qualified application?**

The application must have been filled out online by the business owner.

The business must be operating in good standings for 1 year or more.

The business must be accepting credit cards currently for 6 months prior.

The business must have a valid and verifiable business location and license.

**I need to think about it**

I agree 100% and I am sure that you think about wanting to make more money all the time. Knowing that you want to make more money, it is crazy to not take a chance at doing just that... SO LETS GET YOU STARTED so we could have a chance at making money together.

Let me ask you a couple questions. Do you want to make more money working for yourself? Do you think there are small business owners that need and want funding for their business? Can you afford \$499? If you want to make more money, and you know there are people that will use this service which makes you money when they do, and you can afford the set up fee... the only smart thing to do is get started so we could be making money together. Let's start making money together \_\_\_\_\_!

**I need to talk to my Spouse/Partner**

I agree, two heads is always better than one. I usually talk to my spouse/partner before I make major decisions, but obviously there will be no major decisions to make until you have had the chance to make thousands of dollars. When you have that chance I am sure your spouse/partner will want to help you in deciding where to spend that money. Obviously you cannot get to that point if you do not get started today.

**I do not like to give my payment information over the phone**

Really? Do you think I am going to cheat you? This is exactly what I say it is... if it was anything less than what the audio or I have said it is then we agree I would be a liar. I am almost offended that you would think that of me. I guarantee that you will be charged nothing more than the \$499 fee I have already told you about. All I want is the chance to make money with you by helping you in this business. Let's make it happen \_\_\_\_\_.

The whole reason for using a credit card is to protect yourself and have proof of what you pay for. Our company has an incredible reputation and generates thousands of dollar every month working with Visa, Master-Card, Discover, American Express, and thousands of Banks worldwide. We would never risk that over any amount of money.

**This sounds too good to be true**

What sounds too good to be true? Working with us and making money when you refer a business that makes us money. It is not too good to be true. It is practical and could be profitable for all of us if you refer businesses. You can do this so let's get you started!

**I live in a small town or city**

That's great! I love small towns. But that won't stop you from making money in this business because you can refer business anywhere in the United States and Canada. And with the internet you find businesses very easily, plus the training section of your website will tell you how to find and refer hundreds of businesses every month. You could make money this week so lets get you started.

**I do not want to talk to business owners or people**

You never have to talk to or sell anything because we do all of that, you just enter the name and email address of a business and we send them an email with a link to your website so when they apply you could get paid. But you cant get paid for referring businesses if we don't get you started so lets get this set up and you could be making money by this time tomorrow.

**I do not think this will work**

Are you aware of the current economy? Do you think there are businesses that need to borrow money so they could stay in business? Do you think you can search Google for businesses then give us the names and email addresses of the ones you find? Then this could work and you could make money if you follow our simple step by step system.

**FUNDING.BIZ**

**Objections & Rebuttals** page 2

**I do not think businesses will like this service**

We offer a much faster and more affordable funding option for any business that needs funding. Almost 100% of every business that we make a funding offer to accepts our loan. So businesses definitely like our service and use it. The best part is... you make money when you refer a business that gets funded and even applies.

**I never make a quick decision**

I only make quick decisions when it comes to not losing money, if you pass up on this business then you could hundreds even thousands of dollars every month.

I am sure you have been thinking of a way to make more money for years. So this is not a quick decision because we know you could make money. In fact this is probably the longest decision you have ever made.

**I have been scammed or ripped off before**

Me too, and to be honest with you this day and age if you weren't skeptical id be a little worried about you. This just tells me your smart and I think you'll do great. All im asking for right now is 1% of your trust today and I assure you well definitely earn the other 99%.

**I have lost money with another business or company**

Well then you should get excited because this business only costs \$79 to get started and you could make a lot of money with it.

**I do not have a computer or internet service**

That is OK, I will have a rep call you and walk you through using our Referral Hotline. You can refer businesses right over the phone and still have the chance to make money. They will also show you how to market your website so you could make money on the internet without ever using the computer. And once you have had a chance to make money you could use that towards getting a computer and internet access which will be even more helpful for your potential success.

**I do not have a job**

Well then you definitely need to start making more money. Would you rather work for yourself and make the money you want or get a job? Well then let's get you started so you have the chance to start making money!

**I am too old**

You sound very smart to me. If you want to start making more money then you will either have to get a job or do something from home. We will help you every step of the way and in no time you will be able to do this with no help at all so let's get you started. I think you could do GREAT!

**I want to look at the website first**

Absolutely! You should definitely look at the website. Can you get online right now? And keep in mind we have tested the website several ways and made sure it is designed to get business owners to fill out that application right away. If we are not getting businesses to apply from the website then we are losing money. We are not in the business of losing money \_\_\_\_\_ and that's all the more reason to get started with us today!

**I'm already doing something else or another business**

It's great that you plan on making money in multiple streams because we all know you should never put all your eggs into one basket right? So let's get you started and make money together!

**I don't have time**

This is something that you can do in your spare time. \_\_\_\_\_ if you can put 1-2 hours a week into this we could show you how you could turn that time into a few hundred or even a few thousand dollars every month.

## **NEVER, NEVER LIST**

- 1- NEVER GUARANTEE A POTENTIAL BUYER THEY WILL MAKE MONEY OR GUARANTEE SUCCESS, THEY HAVE REALLY GOOD POTENTIAL BUT THEIR SUCCESS WILL DEPEND ON THEIR EFFORTS.**
- 2- DO NOT DISCUSS OR ARGUE STATISTICS THAT YOU AND YOUR AGENTS CAN NOT VERIFY. IT IS IMPOSSIBLE FOR YOU TO KNOW WHAT AMOUNTS OF MONEY OTHER AGENTS ARE, OR ARE NOT MAKING BECAUSE YOU DON'T KNOW HOW MUCH TIME THEY ARE PUTTING INTO ADVERTISING, OR HOW MUCH THEY ARE SPENDING ON ADVERTISING.**
- 3- NEVER LEAD A POTENTIAL AGENT TO BELIEVE THAT THEY WILL MAKE MONEY WITHOUT ANY EFFORT ON THEIR PART. IT IS TRUE WE HAVE MADE THE PROGRAM AS SIMPLE AS POSSIBLE AND PROVIDE THEM WITH ALL THE INFORMATION AND HELP THEY NEED TO SUCCEED, BUT THEY STILL NEED TO PUT FORTH THE EFFORT TO BE SUCCESSFUL, WE CAN'T DO THAT FOR THEM.**
- 4- NEVER SELL ON RECISSION! AN AGENT THAT IS THINKS ABOUT QUITTING BEFORE THEY GET STARTED IS ALMOST A GUARANTEED CANCEL OR CHARGEBACK, SO IT IS BETTER TO NOT EVEN SET THEM UP. IN THE END IT IS NOT WORTH THE TROUBLE.**
- 5- NEVER DISRESPECT AN AGENT OR CUSTOMER. AT TIMES THIS MAY BE DIFFICULT BECAUSE THEY ARE NOT ALWAYS RESPECTFUL OF YOU, BUT YOU ARE REPRESENTING THE ENTIRE COMPANY WHEN YOU ARE DEALING WITH THE AGENTS & CUSTOMERS.**
- 6- NEVER TURN IN A SALE WITHOUT THE BUYER GIVING A CLEAR "YES" TO THE PURCHASE AND TO BEING BILLED. A MUMBLE OR 'UH HUH' WILL NOT DO. IF A BUYER USES A CARD WITH SOMEONE ELSE'S NAME ON IT, YOU MUST GET AN APPROVAL FROM THAT PERSON, AND THEY MUST SIGN THE INVOICE.**
- 7- DO NOT LEAD POTENTIAL BUYERS TO BELIEVE THEY WILL RECEIVE ANY MONEY RIGHT AWAY OR THAT THE \$100 BONUS IS PAID OUT PRIOR TO GENERATING THEIR FIRST COMMISSION CHECK.**

**WE ARE SETTING PEOPLE UP WITH A GREAT OPPORTUNITY SO WE DO NOT NEED TO MAKE THINGS BETTER THEN THEY ALREADY ARE. TELLING A POTENTIAL BUYER SOMETHING THAT IS NOT 100% ACCURATE WILL ONLY CAUSE PROBLEMS LATER AND THE COMMISSION WILL BE DEDUCTED FROM YOU. LET'S KEEP IT REAL AND MAKE MONEY!!!!**

## Custom Facebook Business + Fan Blast Sales Script

Hello is \_\_\_\_\_ available? Hi \_\_\_\_\_, my name is \_\_\_\_\_ and I am calling about your new business that you just recently started with Funding.biz. The reason for my call is that I wanted to let you know that we got your website all set up and running for your new business. Exciting right?! Have you started promoting the site yet by chance?

\_\_\_\_\_ I am glad that I got the chance to get in touch with you and introduce myself because it's my job to help you get your business the exposure that it needs so that it has the chance at making money for you. Please do me a favor and grab a pen and paper so that way I can give you my information just in case we get disconnected and for future reference. My name is \_\_\_\_\_, and my phone number is 1 888-XXX-XXXX ext XXX. Now that comes directly to my desk so whenever you need help or have any questions just give me a call. If you can't reach me for whatever reason, let my Customer Service dept know that way they can shoot me a message to call you right back okay? I want to make sure you get all the help you need along the way, so were here for you!

Okay, I want to take a few minutes to walk you through your website so that way we both understand how your business works and also to show you could generate income as well. **(PUSH THEIR INCOME POTENTIAL and GET THEM EXCITED!)**

In this economy I think you have HUGE potential with your business, because even though the economy is doing well, business loans are still the hardest to get approved for small business owners. So we just need to get the word out about your website so business owners out there who are looking to get a loan can go on and apply for one through your website. It makes it an easy process for them and for you! Does that make sense \_\_\_\_\_?

Let's take a few minutes and find out where you and your business are right now and also where you'd like to be financially. That way we can put a plan together to help make that happen for you okay?

\_\_\_\_\_, the various people I work with, all have their own motivations for wanting to start their own business. Those motivations usually range from looking for something fun to do part time, maybe replacing or supplementing their current income, and of course paying off bills such as credit cards, mortgages...you know what I mean? What is the main reason that you are looking for a way to make more money with this business? **(LISTEN and use their reason to help them make the decision to advertise through you.)**

You have the **EASIEST** and **MOST AFORDABLE** option for what they're looking for!

I have been helping business owners advertise their business for over 15 years, helping people advertise their business is my job, so I like to take the time and analyze my client's current situation, so I can get an idea of your current financial situation, where you SHOULD be financially, and an idea of your goals. This HELPS me to better understand what direction we should take this business and help get you started making money with it. After we figure out where you're at right now, where you want to be, and where you should be, we will set some goals and make a plan at getting you to where you want to be with your Funding.biz business. How does that sound?

Let me ask you a question \_\_\_\_\_, what do you currently do for a living if I may ask? Great! How long have you been doing that? Do you have any experience advertising a business? \_\_\_\_\_ I'm going to show you how we can market your business and never have any recurring costs in doing so.

But 1<sup>st</sup> I think that it is important to set some goals, and I am sure you will agree that the 1<sup>st</sup> goal we should make is to become totally debt free! If you could write a check right now to become 100% debt free... how much would it need to be? Is that normal debts... like a mortgage, auto, credit cards and so forth?

*What do you owe on your mortgage? Your auto loan? Your credit cards? How many cards is that between? What's your average interest rate? And what's your limit with those cards? Do you mostly just pay the minimum balance?*

Okay \_\_\_\_\_, based on where you are right now financially and where you would like to be with your business, I am going to recommend a few options for you that I think could help you get your business out there and get it going at full speed! I highly recommend that we get you started advertising through social media.

Are you familiar with social media marketing? Now I am not talking about putting you PERSONALLY on websites like Facebook and Twitter, I am talking about building a major presence and brand for your Funding.biz website on Facebook, Twitter, and Instagram by setting you up with "Custom Social Media Business Pages!"

Facebook & Twitter are social networking websites where more than ONE BILLION people keep in touch with friends, family, co-workers, acquaintances, but most importantly to you it's where they network to keep up with their favorite brands, products, services, and businesses. I don't know if you are aware of it but every major company, especially in the United States, has a Social Media business page. So \_\_\_\_\_, creating and maintaining a Social Media presence has become a mandatory essential tool for any business wanting to generate new customers and build a long term relationship with those customers so they keep coming back in the future.

When people see a BUSINESS page on Social Media that "Like" or "Follow" that page...and that makes them a Fan or a follower of that business. As a business...the more fans & followers you have, the more money you could make! Now \_\_\_\_\_, the average person on Facebook alone is connected with over 450 people, AND every time a person clicks "Like" it immediately notifies every single person they're connected with that they "Like" that business...which in turn causes more and more people to see it every time anyone clicks "Like" getting more exposure for your business. Are you following me? Okay GREAT!

Because this continues to notify hundreds of people whenever someone clicks "Like" it can cause a never ending exponential growth of Fans & Followers to your business! So advertising your business with Social Media is a must and priceless...because unlike any other advertising you could ever do... this can last a lifetime without ever causing you any monthly recurring expense!

Other forms of advertising that you can do like newspaper, magazines, TV, radio, buying leads, and so on and so on...will always have residual costs...meaning you will always have to keep paying for it if you want it to keep giving you a chance to make money. WELL now that is not the case because of Social Media! In 7days, 7 weeks, 7 months, and even 7 years from now... YOU will NEVER have to pay for this again and it will keep going and going for the life of your business! And obviously you can see how valuable that could be to you? I am going to show you how we can get YOUR BUSINESS anywhere from 500-5,000 fans in the next 30days!

And the way this will work is actually very simple. First we create a brand for YOUR Business Cash Advance Service...for example something like \_\_\_\_\_ Business Service or \_\_\_\_\_ Financial Services, we will create a Premium Website address for your business. So your website address would be something like

**There are 3 different Facebook campaigns available for you!**

#1- Premium Website Address + Custom FB Business Page	\$497 <del>897</del>
#2- Premium Website Address + Custom FB Business Page + Twitter	\$1,490
#3- Premium Website Address + Custom FB Business Page + Twitter + Instagram	<del>\$2,580</del>

***Campaign #3 can include a FREE Twitter Business Page that will link to the FB Business Page***

\_\_\_\_\_ this is the same type of Social Media Advertising that **EVERY** major company in the U.S. is doing today. If you are not doing it, then you will watch other companies pass you by. Wal-Mart is a prime example. Wal-Mart has the same type of Facebook business page that we are going to design and create for your business. Now Wal-Mart has almost 18 MILLION fans on their business page. What that means is that every time they post a message, 18 MILLION people see that, and it costs them ZERO! Before Facebook marketing came along, when Wal-Mart did their advertising to where 18 MILLION would see they had to spend thousands of dollars to get that kind of exposure. Now obviously we are not going to get 18 MILLION fans to your page because we're not a huge cooperation such as Wal-Mart. BUT in the next 90 days I can get 10,000 fans for your business, and that means that we will be messaging thousands of people every day about your business. That is powerful because before now, if you were to market to thousands of people every day you would spend hundreds even thousands every day! BUT now you can advertise your business for the life of your business no matter how long it is THIS IS SIMPLY A ONE TIME COST FOR THE LIFE OF YOUR BUSINESS! So once it has the chance to pay for itself everything after that could be PURE PROFIT!

And keep in mind that the more Fans you generate in the beginning the bigger it can get in the long-term future, and the bigger it gets is the bigger your chance of making the money you are looking for. And what my clients love most about this \_\_\_\_\_, is unlike any other advertising you can do, after the initial cost of setting this up there are never any additional costs no matter how big or popular your Business becomes. So this advertising will last for the life of your business AND you will never have to pay for it again, ever! No one will call you in a month, 3 months or 6 months...ever and say, "it's time to renew your advertising campaign" People also REALLY love the fact that you can go online and see this working for you 24 hours a day, 7 days a week! No matter where you are, no matter what you are doing... this will be working for you nonstop, and you can always go online and check out what is happening whenever you want! \_\_\_\_\_ let me ask you...can you see how putting your Merchant Cash Advance business on Facebook could do great?!

**Out of those campaigns...Which one works best for you?**

CPA

www. .com and that Premium Website Address will be forwarded to YOUR Merchant Cash Advance.com agent website. It is much better to your own website address instead of a sub domain like you have right now.

NEXT we will build a Custom Facebook Business Page around that Brand and Premium Website Address, we will make it very attractive and appealing to business owners that are most likely to want and need funding.

THEN comes the most important part! We are going to flood that Facebook Business Page and your.com Brand on Facebook to cause hundreds even thousands of people to become a Fan of your business. Once those people become your Fan we will begin posting messages that have a link to YOUR website where they can apply for a Business Cash Advance, so you could make money from that application and Cash Advance. Remember the more people that land on your website is the more Applications and Cash Advances you could generate. And I want to remind you... that if you generate an application you get paid \$25, and of course you get up to \$10,000 of any Cash Advances coming from your website.

As I outline the cost, I want you to keep in mind that compared to how much exposure you could get verse other forms of traditional advertising...well there is no comparison because this costs less than any other form of advertising over time. And when you compare how much this costs verse your revenue potential it is great! So what I recommend is that we create and build you a business profile page on Facebook for your Merchant Cash Advance business. We will promote and market your Facebook Business Page and guarantee you your first 500 to 10,000 Fans.

Uh this is Mary Johnson, I'm calling for my – um – what is this thing – anyway uh not my Casey it's the other one. Um – anyway I'm needing – I don't have enough money to eat or anything for two weeks. I've got my \$50 in the bank and I – uh – what am I going to eat? And my cats are going to need to – I need a prescriptions. What am I going to do!? Y'all promised that I was going to get this money and you'll say no I didn't promised, but you told me I was – I was accepted or whatever. I was approved for this loan, so why can't I – not loan, but for this grant. Why can't I get it? I need it now! Getting it in a month of two – gosh I don't know what's going to happen to me. Cause I won't – I won't be able to stay here and I won't be able to eat and I won't be able to get my medication! So, I guess I'll just – I can't kill myself. I'm Catholic and I don't believe in that. What am I going to do? I need the money now. Don't throw me a life preserver when I'm frickin' drowned, OK? I'm fixin' to drown. I'm kicking but I can't keep my head up. I need the life preserver. Send me the money now! Please! Please! Please! I don't know how much more desperate I can get. I'll sit on the street corner beggin' for money now. [long pause] Ahh. [long pause]
